In the absence of the Committee Secretary, Gary Nye offered to take the minutes. At that stage, Robert Davies was co-opted on to the Committee as Data Protection lead as a casual vacancy.

3 Minutes of previous meeting (14 March)

3.1 **JC** advised there were a number of outstanding errors in the minutes.

4(iii) The Communications Policy had been agreed as a draft but no further discussion was planned.

4(iv) The Disability Policy was approved on 14th March, subject to amendments. The Policy was circulated to confirm amendments. A further amendment was agreed that the responsibility rests with members with a disability issue to discuss their requirements with the Group Leader. The Policy was agreed subject to these amendments.

JC requested that the minutes be amended.

Action. AT to amend the minutes. Approval will be given at the next committee meeting.

AT

3.2 **JC** requested that the draft minutes are circulated promptly so that errors and omissions can be corrected in a timely manner.

4 Matters arising

4.1 Beacon

i) 6 (i). The current users with access to the full Beacon member's list are the Membership Secretary, the Treasurer (also the Site Administrator), the Chair and the Communications Officer. This was agreed by the Committee to be the maximum desired number.

4.2 Gift Aid

i) The Gift Aid form was now on the web site.

Action. JA to bring the Gift Aid form to the next meeting for formal approval.

JA

4.3 Membership form

The previous meeting agreed a format based on Leicestershire's form. **JA** to review and adjust to suit our requirements and circulate when complete.

Action. JA to circulate the form for approval.

JA

4.4 Groups pamphlet

It was agreed that it should be clearly stated on the cover page that the pamphlet would only be printed annually and updated information would be available on the website.

5 **Chair items**

5.1 January Meeting 2019

As this falls on New Year's Day next year it was agreed that it would be difficult to get a speaker and many members may be unavailable. It was not practical to delay the meeting a week as this would clash with regular group activities. It was agreed this would be an informal social meeting.

5.2 TAT Annual return

This is now due to be submitted and **JC** outlined the requirements. Permission was required from members in various positions for their personal contact details to be provided. This was agreed by those present.

A Letter of Intent relating to an audit carried out for GDPR had been circulated and was approved (Appendix 1).

JC noted that all officers should use the non-personal (alias) email addresses when communicating on behalf of Chester U3A. This preserved the integrity of the communications when an officer retires.

5.3 TAM distribution

It was noted that the recent edition of TAM had gone to members who had expressed a wish not to receive it. **GN** reported that it was his error following the migration to Beacon and this would be corrected for the next address submission in early May.

JA proposed that the responsibility for providing the TAM address list should pass to the Communications Officer, as they can access the Beacon member list and export the necessary file. This was agreed.

Action. JC to put an apology over TAM in the next Newsletter

JC

Action. JC to request that KB would take responsibility for submitting the next TAM file. Appropriate training will be provided.

JC

5.4 AGM

JC noted that there had been some technical irregularities at the previous AGM. In particular, the election of the Committee Members had not followed the constitution. This would be corrected at the next AGM.

JC requested that any officer proposing to retire or not seek re-election at the next AGM advise the Chair before or at the next Committee meeting in order that the appropriate succession planning can be started.

Action. Any committee member proposing to retire at the next AGM to advise JC by the next meeting.

All

5.5 SGM

JC advised that it was not necessary to hold an SGM to propose the membership fees for next year. It was proposed that the formal agreement of the new constitution "Purpose" clause be delayed until the new U3A constitution is available from the TAT for agreement. This was agreed.

5.6 Standing orders

The proposed Standing Orders applicable to the AGM had been circulated (Appendix 2). These were agreed and will be adopted for the next AGM.

6 GDPR

- 6.1 **JC** thanked **BD** for volunteering to take on the GDPR role. He would be attending the training provided by the TAT on 30 April in Birmingham.
- 6.2 The Data Protection and Privacy policies would be reviewed following **BD's** training.
- 6.3 A discussion was held on the security of the Chester U3A website. **JC** had asked an IT security expert to review this and advise on whether SSL security was required. **GN** expressed his view that, as we do not collect any information via the website that SSL was not required, but it was accepted that advice was needed.

7 25th Anniversary

- 7.1 A report on progress had been circulated (Appendix 3). It was agreed that the following should be invited as guests of Chester U3A:-
- Founder members,
 - Lord Mayor,
 - Chair or CEO of the TAT,
 - Past chairs of Chester U3A (seven identified).

8 Business Secretary

- 8.1 In the absence of **LC**, **JC** reported that the insurance claim for the Geology group theft was now in progress following documentation not being received and would be submitted to the TAT shortly.

9 Treasurer's Report

- 9.1 **GN** had circulated the current financial report prior to the meeting (Appendix 4). The report contained a projection of the financial position following the 25th anniversary celebration, which is being subsidised by about £1,400. This shows a projected deficit for the year of £(2,685), but this will not be the reported figure as the celebration on the 4 September will be reported next year. The purpose behind this projection is to illustrate the potential reserves after the celebration, which will be in the region of £11,000. This is calculated from last year's published reserves in the Treasurer's Report to the AGM (£13,700) less the expected deficit following the celebration.
- 9.2 **GN** emphasised that this report represented management information and contained more detail than would be reported to the members at the AGM. He was asked to confirm that the AGM report would be in the format required by the Charity Commission.

Action. GN to confirm the Annual Financial report would meet the Charity Commission format.

GN

- 9.3 **JC** questioned the web hosting payment, of which she had received an advice from John Hammond. **GN** could not advise on this as this matter is dealt with solely by John. **JC** was concerned at the high risk of only John Hammond having access to the web hosting account and would ask him to provide the login and password details in a secure manner so that web hosting could still be managed in the event that **JH** became incapacitated.

It was agreed that the web hosting payment is authorised for a further two years.

Action. JC to advise John Hammond to renew the website and to seek the secure details of the web hosting account.

JC

10 Beacon

10.1 **GN** had provided a demonstration of the Beacon system to a group of the Committee (**GP, LC, MW, KL** and **KB**). They found it very useful and **GP** expressed his thanks to **GN** for his time is arranging the demonstration.

10.2 It was recognised that Beacon can provide valuable services to members and it was agreed that the Member's Portal should be the first feature to be made available to members. **GN** will provide an insert to the May newsletter and members' email (to be reviewed first by **JC** and **JA**).

Action. GN to write a communication to members about Beacon.

GN

10.3 **GP** reported that he had used the Group Leader function to remove some ex members from his group and found it straightforward to operate. He had not been able to add the Venue, but **GN** explained this was due to that venue not being set up in the Venue list, as he was not aware of the details. Once this is done, **GP** would be able to resolve this. Judith Hobbs has collated a full list of venues.

Action. JC to send venue list to GN for inclusion in Beacon.

JC

10.4 It was proposed that an overview for Group Leaders would be provided at the Group Leaders meeting in October.

11 Communications

11.1 **KB** was not present but reported that Beacon was now being used for the main membership mailing, the SMTP2GP outbound server account had been closed. He was arranging with John Hammond to have a free account to accommodate the few emails that needed to be sent outside of Beacon.

11.2 It was agreed that as SMTP2GO is closed there was no longer any need to maintain dual running of both databases and the Access database was no longer needed.

11.3 It was noted that the database of members that **KB** had on his PC should be deleted.

Action. KB to ensure that the members details are deleted from his PC.

KB

12 Membership

12.1 **JA** reported that there were currently 1,135 members.

12.2 Joint membership

A decision on whether to introduce a Joint membership category had been deferred from the last meeting pending advice from HMRC on whether a discount was required to be eligible for Gift Aid relief. **GN** reported that he had not yet received a reply to his enquiry, but noted that the TAT in their advice stated that a discount was not necessary. The meeting felt that members would see no benefit in a Joint membership category and it was agreed to take no action on this for the next membership year.

13 Groups

13.1 **KL** reported that there was interest in starting a number of new Groups.

13.2 The matter of the Group Fairs in October and November was still undecided and it was felt that input from the Group Leaders was required to establish the benefit of these. This would be discussed at the Group Leaders meeting in October.

14 Social

14.1 **EF** asked if it would be possible for her to have access to the members list as she sometimes needed to contact members regarding trips they had booked. It was felt that the Data Protection issues prevented this, but it would be possible to use Beacon to establish Events (classified as Groups) which members could be added to when they booked. The event organiser, as the Group Leader, would then have access to the contact details of those members. To be considered further.

Chester U3A Committee Meeting – 18 April 2018

15 Any Other Business

15.1 Speaker Secretary

Sue Foy has agreed to take on this role.

15.2 Monthly Meetings

A volunteer has expressed an interest in taking on this role. A list of duties has been compiled by **MW**. This will be discussed with the volunteer.

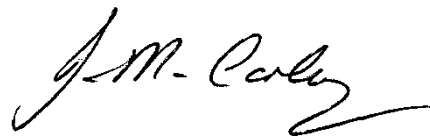

15.3 Tradesmen List

Gill Benton is prepared to take this over.

16 Next meeting

16.1 The next meetings are scheduled for 6 June and 18 July.

The meeting closed at 12:00
